Welcome

Welcome from all of us in the Dakota Power group. We are truly grateful for your interest in our programs and the opportunity to present to you an exciting set of Simmental genetics.

This year has been a bit of a challenge with the weather to get bulls clipped and pictured so there may be a few less pictures in the catalog. You will be able to view all the bulls online on our websites or on DV Auction. We also invite you to visit with us and evaluate the bulls prior to the sale, visitors are always welcome.

As many of you may already know that we have decided to continue our partnership with DVAuction and offer a full video service auction for our second year. No bulls will be run through the ring all bulls will be housed in the back as usual for your viewing and evaluation.

As a group we work together to offer you a set of bulls that are functional. It is a pleasure to work together as a group and bring you a set of cattle that are similar in type and kind, as our philosophies in raising cattle are on the same track. We aim to please, our goal is to offer you the best set of cattle, numbers and genetics available at one place at one time.

As a group, each and every year we expect to offer you a set bulls superior to those before. This set of bulls will have what you are looking for. Look through the offering, find what you like and give any of us a call to discuss your needs. We are always happy to lend a hand in finding the right bull and genetics to fit your operation.

We are very excited about this 2017 offering. On February 13th, we will bring another great group of bulls to offer you a superior set of genetics.
