Welcome

Welcome from all of us in the Dakota Power group. We are truly grateful for your interest in our programs and the opportunity to present to you an exciting set of Simmental genetics.

As a group we work together to offer you a set of bulls that are functional. It is a pleasure to work together as a group and bring you a set of cattle that are similar in type and kind, as our philosophies in raising cattle are on the same track. We aim to please, our goal is to offer you the best set of cattle, numbers and genetics available at one place at one time.

As always, we are offer to take home and offer free keep until after semen testing has been completed in April. We offer free delivering within a 250-mile radius and will work with you in the event the bulls have further to go. You will be able to view all bull online on our websites or on DV Auction. We also invite you to our places and evaluate prior to the sale, visitors are always welcome.

As a group, each and every year we expect to offer you a set of bulls superior to those before. This set of bulls will have what you are looking for. Look through the offering, find what you like and give any of us a call to discuss your needs. We are always happy to lend a hand in finding the right bull and genetics to fit your operation. We continually hear past customers say our bulls hold up well during and after breeding season. We strive to produce functional cattle which work in our herd and, more importantly, in yours!

We are very excited about this 2018 offering. On February 12th, we will bring another great group of bulls to offer you a superior set of genetics.
